## INSIEME NELLO SPORT

SPORT TOGETHER

ENSEMBLE DANS LE SPORT

UNIDOS EN EL DEPORTE

Il Circuito Insieme nello sport nasce dalla cultura "aperta" degli organizzatori che partecipano ad "Europe Athlétisme Promotion".

Accogliendo la proposta del Meeting Arcobaleno di Celle Ligure, dall'anno 2000 alcuni altri Meeting EAP hanno inserito all'interno del programma gare delle rispettive manifestazioni una competizione riservata ad atleti disabili (in genere i 1.500 metri in carrozzina).

E' evidente che le difficoltà sono molteplici.

La prima e maggiore è sicuramente legata ad un nostro consolidato schema mentale che ci porta a pensare al disabile come ad una persona diversa da noi "normodotati".

Ed è in questo settore che uno sport come l'atletica può dare un grosso contributo, per dimostrare che, superata la barriera ideologica, è tutto molto più semplice!

Poi rimangono i problemi comuni ad ogni organizzazione: la logistica, la difficoltà a trovare date che vadano bene a tutti, gli aspetti finanziari.

Problemi che però si possono tranquillamente affrontare, e risolvere.

Nell'ottica di un processo di crescita culturale e sociale che da sempre contraddistingue il modo d'agire dell'EAP.

E, partendo da queste considerazioni, eccovi la lista delle organizzazioni di "Insieme nello Sport 2003", 4<sup>a</sup> edizione del Circuito:

L'Aigle      Gavà      Genève      Celle Ligure      Bron      Biella

## MESSAGE

<http://www.eap-circuit.org>

**E**manation directe d'un travail de coopération internationale, le circuit EAP offre l'exemple réussi d'une participation active d'organisateurs de compétitions d'athlétisme. Ce circuit apporte, une fois de plus, la preuve que des contacts et des collaborations sont possibles entre meetings d'athlétisme au niveau de l'Europe. Le circuit est organisé dans la perspective d'inciter les uns et les autres à ouvrir leur compétition sur le nouveau milieu dans lequel les citoyens du 3e millénaire sont appelés à se mouvoir naturellement.

Les frontières linguistiques bien réelles qui parcourent notre continent doivent être franchies et ne peuvent constituer un alibi empêchant la rencontre de l'autre. Il faut utiliser cette diversité linguistique pour montrer toute la richesse de notre patrimoine culturel et sportif.

**A** direct product of a work of international collaboration, the EAP circuit gives a successful example of athletics events organizer's active participation. Once more this circuit proves that contacts and collaboration are feasible between athletics events at the European level. The circuit is organized with the prospect of inciting organizers to open their events to the new environment in which citizens of the 3d millennium will have to move naturally.

The quite real linguistic boundaries running all over our continent must be crosses and cannot be an alibi preventing from meeting one another. This linguistic diversity must be used to show how rich our cultural and sporting heritage is.

**P**roducto surgido directamente de un trabajo de cooperación internacional, el circuito EAP representa un ejemplo satisfactorio de participación activa de organizadores de reuniones atléticas. Una vez más el circuito demuestra que los contactos y la colaboración entre meetings a nivel europeo es posible. El circuito se organiza bajo la perspectiva de promover que organizadores, entrenadores y atletas, ciudadanos del siglo XXI, abran sus puertas y traspasen fronteras con toda naturalidad.

Es cierto que existen barreras lingüísticas reales en nuestro continente, pero deben ser superadas y nunca suponer una excusa para evitar el contacto entre unos y otros. La diversidad lingüística debe ser usada para mostrar la riqueza de nuestro patrimonio cultural y deportivo.
